Given the current unique crisis we all are facing, we will be limiting our summer sessions to 8 students and conducting classes outdoors to promote social distancing. We realize that many families have summer travel plans, so we've designed our summer programs for the utmost in flexibility. Students can mix and match any of our summer programs as long as the classes chosen are sequential. For example, a student could choose the first two weeks of Session One followed by the final two weeks of Session Three. For students in our Complete Prep class, the summer class and fall review sessions are followed by two weeks of review before any SAT or ACT administrations throughout the school year. The cost for our Complete Prep program is \$1395.
